No. L. 4410—*A. M.* 106-23-2, *dated 11th December* 1923.

The following Press Communique of the Government of India in the department of Education, Health and Lands (Agriculture), dated the 13th November 1923, regarding the institution of Training Courses for Dairy Farm Managers, at the Imperial Institute of Animal Husbandry and Dairying at Bangalore, is published for general information.

The Government of India have decided in connection with the working of the Imperial Institute of Animal Husbandry and Dairying at Bangalore, to institute an Indian Diploma in Dairying, on the lines of the British National Diploma in Dairying, to be granted to persons who have successfully completed a course of not less than two years' instruction at an institute recognised by the Imperial Institute as capable of teaching up to the standard required for such a diploma.

2. It is hoped that sooner or later Agricultural Colleges in India will possess the necessary staff and equipment and will be willing to train pupils for this diploma, but, for the present, the necessary course of instruction will be commenced on January 1st 1924, at the Imperial Institute of Animal Husbandry and Dairying, Bangalore, where eight selected pupils will be taken.

3. The course will last for two years with two months' vacation each year. The holiday period will be the months of April and May.

4. The course will consist of practical and scientific training in the principles of cattle-breeding, cattle-feeding and management, dairy farm management, Indian and foreign breeds of dairy cattle, stock-judging, diseases of dairy cattle, dairy farm buildings, milk production, handling and sale, butter and *ghi* manufacture, dairy chemistry, dairy bacteriology and dairy farm book-keeping. Ample scope is available for practical and laboratory work at Bangalore.

The practical instruction will be under the direction of the Imperial Dairy Expert and the scientific training will be carried out under the control of the Physiological Chemist to the Government of India.

5. Students must be of good character and over 17 years of age. The minimum educational qualification necessary for admission is the Matriculation or the School Final Examination but, in special cases, the Imperial Dairy Expert will have power to waive this condition. Applications for admission should be addressed to the Imperial Dairy Expert, Bangalore, to reach before the 1st December, 1923.

6. A tuition fee of Rs. 15 will be charged from each student for each month or part of a month he is actually in residence at the institute. Accommodation will be provided free of charge which pupils must avail themselves of. No stipends will be paid to students and all travelling-expenses must be borne by students themselves.

7. At the close of the course, an examination will be held for those students who have satisfactorily completed the course of instruction, and the Indian Diploma in Dairying will be awarded by the Imperial Institute of Animal Husbandry and Dairying to successful candidates.

By Order,

K. V. ANANTHARAMAN,
Offg. Secretary to Government,
Revenue Department.
